FOOD SAFETY AT TEMPORARY EVENTS

The following is a list of procedures and items for your guidance as you prepare and serve your product to the public.

- Handwashing** A container of clean water with soap and disposable paper towels, alcohol based handiwipes or antibacterial wipes must be provided for the handwashing.
- Disposable Gloves** Disposable gloves are required when preparing/serving foods that require no further cooking.
- Hair Control** Hair must be properly under control by use of caps, hairnets and/or having long hair tied back.
- Food Temperatures** All food requiring refrigeration must be held at **41° F** or lower prior to cooking or serving. All hot foods must be maintained at **135°** or hotter. Food being reheated must be reheated to **165° F** and then maintained at **135° F** or hotter.
- Hot Holding** Equipment used for keeping food hot must be designed to heat and reheat food evenly and quickly. Home-style crockpots are not for food service use. Electric skillets and/or electric roasters with digital control knobs may be used.
- Thermometer** A metal stem probe thermometer (**0° F – 220° F**) must be provided to measure temperatures when potentially hazardous foods hamburger, chicken and potato salad are being served.
- Dishwashing** Containers of soapy water, clean water, and sanitizer water are to be provided for cleaning, and sanitizing utensils, equipment and food contact surfaces. Regular chlorine bleach can be used as a sanitizer. The procedure is wash, rinse, and sanitize.
- Ice Scoop** A scoop with a handle must be used to serve ice to the customer.
- Food/Equipment Storage** All food products and food equipment must be covered and stored six inches (6") or more off the ground.
- Tobacco Use** No tobacco use is permitted in the licensed food area where food is being prepared, served and sold.
- Water Connector** Use only an approved food grade hose for potable water connections .
GARDEN HOSES ARE NOT PERMITTED!
